### LETTER FROM THE FIRE CHIEF

---

---

Dear Applicant,

Congratulations for making the decision to apply and test for the position of Firefighter for the City of Marion, Illinois Fire Department. By completing and submitting all the necessary forms contained within this application packet, you are taking the first step toward becoming a member of the City of Marion Fire Department. To reach the goal of becoming a firefighter, you must successfully complete a number of steps. All the information you need to complete those steps is contained within this application packet.

**Our Mission Statement:**

The Mission of the Marion Fire Department is to protect our community and provide a first class service to our customers.

We are seeking committed individuals to assist us in fulfilling our mission statement. On behalf of the City of Marion, I extend my best wishes to you as you begin this endeavor. Your hard work and perseverance will be richly rewarded should you be selected to serve the public as a member of the City of Marion Fire Department.

Thank You,

Tim Barnett  
Fire Chief

### DEPARTMENT OVERVIEW

---

Currently, The City of Marion Fire Department is an all career fire department providing a full range of services including fire prevention, fire suppression, technical rescue response, hazardous materials response, emergency medical response, building inspections, and more. The department currently operates with four shifts from one station. The 25 personnel are comprised of the following:

- 1 Fire Chief
- 1 Assistant Fire Chief
- 3 Captains
- 4 Lieutenants
- 16 Firefighters

The department averages over 600 calls per year. These include structure fires, vehicle fires, brush fires, vehicle crashes, rescues, hazardous materials, alarms, and more. In the last five years, we have responded to an average of 47 working structure fires, per year. The station is staffed at all times. There is a minimum staff level of four personnel while on-duty, although six personnel are assigned to each shift. Work schedules include weekdays, weekends, holidays, and extended hours in emergencies, disasters, or other situations influenced by workload or staffing difficulties.

### QUALIFICATIONS

---

---

**The following qualifications are in compliance with  
Illinois Compiled Statutes Chapter 65-5, Article 10, Division 2.1.**

- Must have high school diploma or GED
- Age requirement
- Must be of good health and eye sight
- Must be a citizen of the United States
- No previous conviction of any felony
- No previous conviction of disqualifying misdemeanor
- No previous Court-Martial (if prior military service)
- Valid Driver's License

No previous experience or training is necessary or required by the Marion Fire Department to qualify for employment as a Firefighter. The City of Marion is an Equal Opportunity Employer.

The profession of a Firefighter requires one to be in good physical condition. A Firefighter must undergo great physical demands in a temporary or sustained emergency operation. Certain jobs may be, but are not limited to: lifting heavy objects such as equipment or people, raising ladders, pulling charged hose lines, carrying tools, working in adverse weather conditions, and entering hostile enclosed environments, all while wearing fully covered personal protective equipment.

### OUTLINE OF FIREFIGHTER POSITION

---

Please read the items carefully so there will be no misunderstanding of what the chosen applicant can expect and what will be expected of that applicant. Please note that the following information provided is based on the current labor agreement between the City of Marion and the Marion Professional Firefighters Union Local 2977. Any and all items may be subject to change when new agreements are met.

**Residency:** Firefighters are required to live within 10 miles of Marion City Hall or within the corporate city limits of the City of Marion. There is an 18-month period to achieve this from the date of hire.

**Shifts:** Firefighters work 24-hour shifts, with 72 hours off between shifts.

**Salary:** Probationary Firefighter's base hourly rate starts at \$15.00 per hour. There are four raises provided at six-month intervals equal to one-quarter of the difference from the base hourly rate for the Firefighter position, which is currently \$26.30 per hour. Additional compensation is provided for longevity and education.

**Sick Days:** One sick day (or one 24-hour shift) is awarded every two months. Probationary firefighters will earn their first sick day at the beginning of the odd month after completing a minimum of two months.

**Holidays:** Five Holidays are awarded at the beginning of the calendar year. Based upon the hire date, the number of awarded days may be pro-rated. If hired on:

Jan 1 – Mar 31 = Awarded six Holidays

Apr 1 – Jun 30 = Awarded four Holidays

Jul 1 – Aug 31 = Awarded three Holidays

Sept 1 – Dec 31 = Awarded two Holidays

**Vacation Days:** After one year of service, you will earn four vacation days. Additional days are awarded based upon longevity.

### TESTING AND HIRING PROCESS

---

---

The Fire and Police Merit Board of the City of Marion is compiling a current Eligibility Roster for the position of Probationary Firefighter, from which future hires may be made. Successful completion in every stage of testing does not, nor represent, a guarantee of employment; only to provide you with the eligibility to be hired should an opening or need arise. Only those candidates that successfully complete every stage will be placed upon the Eligibility Roster.

The testing process is governed by the provisions of 65 ILCS 5/10-2. Certain provisions within the statute allow for the appointed Merit Board to create or modify the testing. Any information in regards to the exact process is detailed within the Application Packet.

The following provides the order of stages for the testing process. Please note that successful completion of each stage must be obtained before proceeding to the next.

- 1) Application Packet
- 2) Physical Fitness Assessment
- 3) Written Examination
- 4) Interview
- 5) Second Interview (If deemed necessary)

Upon successful completion of the process, you will be placed on the Eligibility Roster for a period of two years. You may not test for the department again until you are due to be removed from the roster. If you do not successfully complete the process, you may apply again at the next scheduled testing and hiring process.

Should you be selected for employment with the Marion Fire Department, a conditional offer of employment will be made until the following are completed and passed:

- 1) Background Check
- 2) Medical Physical Examination, including pre-employment drug testing
- 3) Psychological Evaluation

Upon satisfactory results, an official offer of employment will be given. When accepted, you will be provided with the first date of employment.

As a condition of employment; prior to obtaining one year of service, any required training deemed necessary by Illinois State Statute or Labor Agreements must be completed.

This includes, but is not limited to:

- 1) Certification of Basic Firefighter
- 2) If not a previous graduate of; attend and successfully complete the 370 hour Basic Firefighter/NFPA Firefighter I Academy at Illinois Fire Service Institute located at Champaign, Illinois.

### PHYSICAL FITNESS ASSESSMENT

---

The Physical Fitness Assessment (PFA) is designed to evaluate the basic physical condition of the applicant in endurance, strength, flexibility, agility, and for fear of heights, darkness, and enclosed spaces. All components of the PFA must be passed successfully. Because the requirements set are minimum standards, failure to pass any component would indicate that the applicant is physically unfit for duty as an active member of the department. At such time, the application process will be terminated for that applicant and the applicant will become ineligible for any further participation in the testing process. Examiner evaluation is final and not subject to appeal.

#### Candidate Physical Ability Test (CPAT) Certification:

Those candidates that possess (and provide with their application) the CPAT **WITH** Ladder Certification (dated within twelve months of the scheduled PFA) shall be exempt from the PFA. Candidates with this certification will not be allowed to participate in any event of the PFA. Those candidates that possess (and provide with their application) the CPAT **WITHOUT** Ladder Certification (dated within twelve months of the scheduled PFA) shall be exempt from the PFA with the exception of the Ladder Climb. Candidates with this certification will only be allowed to participate in the Ladder Climb. Failure to complete this component shall result in the applicant to become ineligible for any further participation in the testing process.

#### **Required Wearing Apparel:**

Time Distance Run:  
Running Shoes  
T-Shirt or Sweat Shirt  
Shorts or Sweat Pants

All Other Tests:  
Boots with Ankle Protection  
Long Sleeve T-Shirt or Sweat Shirt  
Blue Jeans or Equivalent

- 1. Time Distance Run – Purpose:** The purpose of this test is to measure the condition of the lungs, heart, and vascular system aerobic capacity, and is the best-known index to a person's overall physical fitness. Procedure: The applicant will run on a designated course. Walking and/or stopping shall not result in failure of the procedure.

**Minimum Standard – 1/2 mile run**  
**Minimum Standard – 4 minutes**

- 2. Hose Drag – Purpose:** To simulate dragging a hose-line from a fire apparatus and pulling a hose-line around obstacles in a stationary position. It will measure overall strength and endurance. Procedure: The applicant, provided with a nozzle attached to 200 feet of 1-3/4" hose, will place the nozzle over their shoulder (not to exceed the marked point of 6 feet). At the signal, "Go" the applicant will drag the hose 75 feet at the location of an obstacle. The applicant will pass the obstacle and turn 90 degrees and continue another 25 feet to the marked stopping point. The applicant will drop to one knee within the marked stopping point and drag the hose until the marked point of 50 feet has been reached with their hand (at which, time will conclude).

**Minimum Standard – 40 seconds**

3. **Equipment Carry** – Purpose: Simulates tool removal and carrying to the scene. It will measure upper and lower body strength, as well as aerobic capacity. It provides indicators of neuromuscular efficiency, which are important in daily activities in firefighting. Procedure: At the signal, “Go” the candidate will remove two designated extrication tools from a table and place them on the ground. The candidate will then pick-up the tools from the ground (one in each hand), carry and walk 75 feet towards and around an obstacle, back to the starting point. Time ends when crossing the starting line. The candidate will then place each tool, one at a time, back on the table. Inability to place the tools back on the table shall result in failure.

**Minimum Standard – 40 seconds**

4. **Carry and Balance** – Purpose: The test is designed to measure how well the joint and muscle sensors react in order to control movement and maintain balance. Procedure: The candidate will lift and carry a 14-foot ladder using a prescribed ladder carry. The candidate will take the ladder to a building and raise the ladder in a prescribed manner. The ladder tip shall extend to a point marked on the building. The candidate will then climb to the top of the ladder and back down. The candidate will then place the ladder back in its original starting position.

**Minimum Standard – Event Completion**

5. **Forcible Entry** – Purpose: Simulates the use of forcible entry as needed at the scene of an incident. Designed to test endurance and overall physical capacity. Procedure: The candidate, provided with a sledgehammer of nine pounds, will face away from a designated object. At the signal, “Go” the candidate will raise the sledgehammer in front of them and force the tool in a downward direction towards the area in between and below their feet to strike the designated object. The designated object shall be moved until it has reached the end of the prop. The candidate shall then turn around and repeat the process until the designated object reaches its original starting position. It will be necessary for the candidate to reposition and make multiple strikes on the object in order to complete the event.

**Minimum Standard – 90 seconds**

6. **Confidence Course** – Purpose: The test is designed to measure how well the joint and muscle sensors react in order to control movement and maintain balance as well as testing the ability to walk or crawl inside an enclosed, darkened structure with narrow and uneven surfaces. Procedure: The applicant will be provided with standard firefighter turn-out gear and personal protective equipment including Self-Contained Breathing Apparatus. At the signal, “Go,” the candidate will follow an uncharged hose line into a darkened structure filled with simulated smoke conditions. The candidate must maintain contact with the hose as to not get lost or deviate from the predetermined course. Once the candidate reaches the end of the hose, the candidate must successfully open the bail of the nozzle (at which time will end).

**Minimum Standard – Course Completion**  
**Minimum Standard Time – 2 minutes and 15 seconds**

7. **Manikin Drag** – Purpose: To measure the overall strength of the applicant. Procedure: The applicant will be presented with a training manikin weighing approximately 185 pounds. The manikin will be lying on the ground at the start point. From a position behind the manikin, the applicant shall lift the manikin's torso to the applicant's chest, with the arms placed around the manikin's torso. The applicant shall drag the manikin allowing the feet to remain on the ground to the finish point. Dropping of the manikin or stopping shall not result in failure of the procedure.

**Minimum Standard – 75 feet drag**  
**Minimum Standard Time – 45 seconds**

8. **Push-Ups** – Purpose: Push-ups will simulate the applicant's strength to push as may be required in the use of pike poles, etc. Procedure: The applicant shall lie flat on the ground, face down, with hands (palm side down) on the ground, under the shoulders. Feet shall be placed together. At the signal, "Go," the applicant will then raise the body by extending the arms until they are straight, then lowering the body fully to the ground. The candidate will then raise their hands from the ground to signal the completion of 1 push-up. The back and legs must remain straight throughout the procedure. The examiner will count out-loud at the raising of the hands from the ground until the minimum standard is met. Should the applicant perform an unsatisfactory repetition, the examiner will not continue counting until the next satisfactory repetition is performed. Should this occur, the examiner will advise the applicant as to why the previous attempt was not considered a satisfactory repetition. Stopping at any point shall not result in failure of the procedure.

**Minimum Standard – 25 Push-ups**  
**Minimum Standard Time – 60 seconds**

8. **Chin Ups** – Purpose: The purpose of this test is to determine the upper body and arm muscular strength needed for climbing rope, navigating ladder bridges, and doing hoisting operations. Procedure: Candidates will start by grasping a bar with the palms facing towards them at shoulder width. The arms shall be straightened in a fully extended position with the torso in line with the upper arms. At the signal, "Go," the candidate shall raise the body until their chin clears above the bar. The candidate then lowers the body to the starting position as previously described. The candidate shall maintain their grip on the bar without touching the ground. The examiner will count out-loud at the raised portion of each successful repetition until the minimum standard is met. Should the candidate perform an unsatisfactory repetition, the examiner will not continue counting until the next satisfactory repetition is performed.

**Minimum Standard – 3 Chin Ups**

9. **Sit-Ups** – Purpose: The purpose of this test is to determine the abdominal and back muscular strength needed to lift stretchers, pulling hose, lifting ladders, and holding hose lines. Procedure: The applicant lies flat on the back with their toes placed against a wall, legs bent. At the signal, “Go,” the applicant will then curl up to a sitting position, (achieved when the hands touch a marked point of 36” from the ground located on the wall in front of them). The applicant then returns to the position when both hands touch the ground behind their head after each curl. The examiner will count out-loud at the raised portion of each successful repetition until the minimum standard is met. Should the applicant perform an unsatisfactory repetition, the examiner will not continue counting until the next satisfactory repetition is performed. Should this occur, the examiner will advise the applicant as to why the previous attempt was not considered a satisfactory repetition. Stopping at either the lying or curled position shall not result in failure of the procedure.

**Minimum Standard – 30 Sit-ups**  
**Minimum Standard Time – 60 seconds**

10. **Ladder Climb** – Purpose: To measure the applicant’s aerobic capacity and leg strength as necessary to climb while also testing the fear of heights. Procedure: The applicant, provided with a Class 3 safety harness connected to a manned rope belay system, shall mount an aerial apparatus and be placed at the starting point at the base of the aerial ladder. At the signal, “Go” the applicant will safely ascend the aerial ladder, maintaining at least three points of contact at all times. The applicant must grab the top rung of the ladder. At that time, the Examiner will ask the applicant a series of questions for which the applicant must answer correctly. When advised to do so, the applicant will then safely descend the ladder, maintaining at least three points of contact at all times. There will be no time limits placed upon this procedure yet pausing for a period any longer than ten seconds or being unable to complete the test shall result in failure of the procedure.

**Minimum Standard – 75 feet at a 65 degree angle**

# Applicant's Statement

I certify that answers given herein are true and complete.

I authorize investigations of all statements contained in this application for employment as may be necessary in arriving at an employment decision.

This application for employment shall be considered active for a period of time not to exceed forty-five days. Any applicant wishing to be considered for employment beyond this time period should inquire as to whether or not applications are being accepted at that time.

I hereby understand and acknowledge that, unless otherwise defined by applicable law, any employment relationship with this organization is of an "at-will" nature, which means that the employee may resign at any time and the employer may discharge employee at any time with or without cause. It is further understood that this "at-will" employment relationship may not be changed by any written document or by conduct unless such change is specifically acknowledged in writing by an authorized executive of this organization.

In the event of employment, I understand that false or misleading information given in my application or interview(s) may result in discharge. I understand, also, that I am required to abide by all rules and regulations of The City of Marion.
